

## Commas with Adverb Clauses

When an adverb clause in a sentence comes . . .

- at the **beginning**, use a **comma** after the clause. **Whenever I can,** I recycle.
- in the **middle**, use a **comma** before and after the clause. The best thing to do, **when you see litter,** is to pick it up.
- at the **end**, do not use a **comma** in most cases. She recycles **because she cares about Earth.**
